Career Objective

Seeking employment as an Aviation Maintenance Technician to share and practice my expertise on aviation technology

Educational Background

BS Aviation Technology and Management

University of Leeds, 2002

Work Experience

2007-2009: Aviation Maintenance Technician, Aviation Services Corp.

Responsibilities

- Maintained corporate aircrafts under supervision as stipulated in the Civil Aviation Authority
- Maintained and filed neatly the company records and inspection forms
- Used technical specifications, drawings, and engineering instructions according to the Civil Aviation Authority to accomplish tasks

2003-2006: Aviation Maintenance Technician, The Airplane Company

Responsibilities

- Planned work sequence to promote safe and effective aviation operation
- Applied mathematical computations for precise set-ups
- Made necessary routine inspections on aircrafts before and after flights

Skills

- Knowledgeable with Civil Aviation Authority standards and policies
- Proficient in maintaining and repairing FTD parts
- Excellent knowledge on aircraft technology and mechanic trade

Achievements

- Maintained a safe and clean working environment for both companies
- Trained and supervised junior technicians and interns
