Career Objectives:

- To work in a reputed call centre and provide best technical support service.
- To be flexible as per job demands and eradicate any technical issue on the floor.

Technical Skills

- Excellent knowledge in hardware as well as software
- Ability to understand the problem quickly and solve the issue effectively.

Professional Experience

- Currently working as technical support executive in the IT department of Global Services since the year 2007 where my job profile includes: Routine checking of all application software and updating them whenever there is any update from the client. Checking whether all the systems on the work floor are working fine. Attending to the needs of the telecallers in case there is any system or software related issue.

Educational Qualification

Bachelor in Information Technology from Dakota University in the year 2006.
