Career Objective

I seek employment as a flight instructor to be able to share my knowledge and experiences in the aviation field.

Educational Background

MBA Aviation Management

Coventry University, 2004

BS Aeronautical Engineering

Emirates Aviation College, 2002

Work Experience

2007-Present: Flight Instructor, Good Aviation School

Responsibilities

- Coordinate flight operations and all training activities of the students after ground school
- Manage the aviation training program and oversee all flight programs
- Plan and develop flying programs for more effective instruction
- Maintain standards and safety precautions in the flight training area

2004-2006: Junior Flight Instructor, Flight School UK

Responsibilities

- Performed flight instructor duties under supervision of a senior flight instructor

- Maintained all student records of flights, attendance and assessment results
- Ensured that all course requirements and standards are met by the students
- Attended trainings and instructor development meetings

Skills

- Excellent planning and organizational skills
- Knowledgeable in flight standards and policies
- Proficient in presentation and communication skills

Achievements

- Graduated first class in flight school
- Accumulated more than 600 hours of logged flight time
